* Exclusive of additional Beer and Spirit duties collected for Local Authorities (see Table No. 14, pp. 36-7).

† It will be observed that the net receipts brought to account in the year 1898-9, viz. - - - - 21,558,227 exceeded the Exchequer Receipts (see Table No. 4, p. 8), viz. - - - - 20,850,000

by - - - - 708,227

This difference is due to abnormal Clearances during the last few days of 1898-9 on account of :-

(a.) Tea, estimated at - - - - -	£
(b.) Tobacco, estimated at - - - - -	100,000
	610,000

Total - - - 710,000

Such clearances were made in anticipation of a possible increase of the duty on these articles. The amounts thus collected in 1898-99, which properly belonged to 1899-1900, were accordingly held over and not paid into the Exchequer until after 31st March 1899.

‡ Exclusive of Local Taxation Licences collected for Local Authorities (see Table No. 14, pp. 36-7).

NOTE.—The figures in the above Table (No. 6) give the amount of the actual net receipts derived from the Customs, Excise, Estate, &c., Duties, Stamps, and Taxes due to the Exchequer; and do not therefore correspond exactly with the figures in Tables Nos. 2 and 4, which give the payments made into the Exchequer "Exchequer Receipts," on account of these duties in each year.

* Prior to 1894-5 all Death Duties were included under the general head of Stamps.

† Exclusive of proportion of Duty collected for Local Authorities (see Table No. 14, pp. 36-7).

¶ The net receipt of Property and Income Tax represents the amount of Tax actually collected within the year (irrespective of the year of assessment) less the amount of Tax refunded, &c., within the year (see note § on page 39). The amounts under the several schedules show the approximate net receipt of the Tax based on the assessments of property and income under each schedule.

† Inclusive of Beet-root prior to 1903.

‡ The apparent changes in the area under grass in 1906 as compared with previous years are largely due to greater care in classification in the Irish Agricultural Returns and to the transfer of some grass lands from one category to another, while certain areas previously included as pasture are now included in a new item, "grazed mountain land."

NOTE.—Most British Joint Stock Banks are registered under "the Companies' Act, 1862," and consequently, the bulk of the Capital of such concerns is included in the figures given in the above Tables. With the exception of Municipal Tramways, the majority of the Companies working tramways in the United Kingdom are registered under the Companies' Acts, and their Capital is accordingly also included. Railway Companies in the United Kingdom are not incorporated under the Companies' Acts, but by special Acts of Parliament, as they need powers beyond those conferred by registration under the Companies' Acts. Their Capital is, therefore, not comprised in these Tables.

* The Stannaries Court was abolished on the 1st April, 1897, under Act 59 and 60 Vict. c. 45.

¶ The decrease between 1898 and 1899 is due to the number of men called out in the latter part of 1899 for active service. The number so called out form part of the Regular Army, but the increase in the number of the Regular Army, shown in the previous Table does not correspond with the decrease shown in this Table, because the average strength of the Regular Army for the year is shown and not the number at a given date as in the case of the Army Reserve.

These Schools were first established by a minute of the Board of Education, dated 6th April, 1900. In the year ended 31st July, 1906, five of them were working in accordance with the new Regulations of 1905.

* No complete statistics are available prior to the year ended 31st July, 1896. The Elementary (Blind and Deaf) Children Act, 1893, came into force on 1st January, 1894.

† No figures are available for years prior to the year ended 31st July, 1901. The first minute providing for grants on account of the education of defective and epileptic children was dated 26th February, 1900.

‡ For years up to 31st July, 1903, the figures give the number of Scholars in respect of whom grant was claimed.

This explains the decrease after 1903 in the figures given in the last two columns.

§ For these years, boys and girls of the age of 15 and over are included in the two preceding columns.

NOTE:—For expenditure on relief of the poor, see Table 27, p. 59.

* Excluding those in County and Borough Asylums, Registered Hospitals, and Licensed Houses.

† The numbers given are the total numbers returned from each Union as relieved on the 1st January or the 1st July including those discharged from and admitted to the Casual Wards during those days. It is probable that they include a certain number who received relief in more than one Union on the same day.

‡ The figures in this column represent the net total of persons relieved, after making the necessary deduction in respect of certain persons counted twice in the preceding columns, such, for instance, as persons who received indoor as well as outdoor relief on the days mentioned.

§ Of the total number of insane paupers returned as receiving outdoor relief on the 1st January in 1893, the number shown as being in county and borough asylums, etc., is taken from the Reports of the Lunacy Commissioners.

The numbers of insane paupers in receipt of Outdoor relief on the 1st July cannot be distinguished from those in county and borough asylums, etc., for the years previous to 1894. The numbers are therefore only included in the column headed "Net total of persons relieved."
